TO THE STUDENTS AND PARENTS OF ALEXANDER ELEMENTARY

The staff at Alexander is proud to work with the young people in the Commerce community. We hope that you will

work with us to provide an educational experience that is appropriate for each student.

The success that students will enjoy this year will depend upon their willingness to work hard on academic assignments and to participate in programs and activities provided by the school. The level of student involvement will depend largely on how much encouragement is provided at home. We strongly recommend spending time discussing and working on school assignments with your children.

Each student is encouraged to establish his or her own personal goals for the year. Staff members are here to assist students in reaching those goals.

It is our hope that each day at Alexander will be enjoyable and academically rewarding to each child. If for some reason things are not going well, please contact your child's teacher or the principal to discuss ways to correct the problem.

We are in compliance with Title IX, the Family Educational Rights and Privacy Act, AIDS Prevention Education, and Drug Prevention Education. Commerce school does not discriminate because of sex or race and provides equal educational opportunities for boys and girls.

Curriculum taught at our school is derived directly from Oklahoma's State adopted academic standards.

ATTENDANCE

Students are expected to be in school except in cases of emergency or for reasons as explained in the code below. The code lists the following as the only legal excuses for being absent from school:

1. Personal illness- The school may require the certificate from a doctor if it is deemed advisable.
2. Illness in the family- All schoolwork should be kept current.
3. Quarantine in the home- absence arising from this condition is limited to three days, unless reasonable cause may be shown by the parent or guardian for a longer absence.
4. Observance of a religious holiday- Any student of any religion shall be excused if his absence was for the purpose of observing a religious holiday consistent with his creed or belief.
5. ANY OTHER REASON MUST BE EXCUSED BY THE SCHOOL PRIOR TO THE ABSENCE.
6. All students must have an admit slip from the Office before being re-admitted into class.

Steps to follow when absent.

1. Have parent or guardian phone the school and inform the office of your absence before 10:00 a.m. of the day of the absence.
2. Have parent or guardian write an excuse giving your name, date, days of absence, reason for absence and his/her signature
3. Present your excuse to your teacher.
4. Ask all teachers for make-up assignments. Assignments that are not made up will be reflected in your grade. (Each student is responsible for seeing that make-up work is completed.)
5. If an absence is due to work, travel, or some other reason, parents or a guardian should notify the school prior to the absences.
6. Excused absences will not adversely affect a student's grade if he/she makes up the missed work within the time allotted after returning to school. The student will be given the same number of days to make-up the work as the number of days absent. However, unexcused absences will adversely affect a student's grade because he/she will not be allowed to make up the work.

If the student is absent ten (10) days or parts of days in one semester, whether excused or unexcused, the grade will be an "F". Exceptions due to extreme circumstances will be at the discretion of the building principal.

REPORTING TRUANCY TO DISTRICT ATTORNEY

If a student is absent without valid excuse four (4) or more days or parts of days within a four-week period or is absent without valid excuse for ten (10) or more days or parts of days within a semester, he/she will be considered truant and will be reported to the District Attorney's office. Approved school activity absences shall be excused absences.

It is the responsibility of the parent/guardian to notify the school if a student is going to be absent and the reason why. A phone call must be received by the school before 10:00 a.m. on the day of the absence. If a parent/guardian cannot contact the school due to an emergency, contact should be made the following day before 10:00 a.m. Calls from parent/guardians concerning the absence of a student will only be accepted as justification for the absence to be considered as excused in limited circumstances and at the sole discretion of the school.

In the event that contact cannot be made by phone, the parent/guardian may send a note regarding the absence with the student the following school day. All notes from parent/guardians must be received in the office by 10:00 a.m. the day the student returns to school. Notes from parent/guardians concerning the absence of a student will only be accepted as justification for the absence to be considered as excused in limited circumstances and at the sole discretion of the school. The school will only accept notes from parent/guardians who do not have a phone, nor access to a phone. Only a parent/guardian can attempt to excuse a student from school. Notes from friends, siblings, or other relatives will not be accepted.

Excused absences will typically be granted for the following reasons:

Illness of the student,
Medical/dental appointments for the student,
Legal matters/court appearances requiring the student's attendance,
Observance of religious holidays, or
Death and funeral in the immediate family, not to exceed three (3) school days. Provided, however, if a student is sent home from school with lice, not more than the next two (2) calendar days may be considered excused absences for that reason.

The school reserves the right to grant or withhold excused absences as it deems necessary due to extenuating circumstances. Provided, however, once a student has four (4) illness related excused absences in a semester, the school may, in its sole discretion require a doctor's note for any further illness related absence to be considered excused.

Once a student arrives at school, he/she may not leave prior to the end of the school day without permission from the school.

A student may be released from school, through the office, if: The student's parent/guardian calls the school office or the student's parent/guardian comes to the school office to check the student out of school.

Students who leave school without following the proper procedure are considered truant.

MAKE-UP WORK

It is the sole responsibility of each student to make arrangements to complete any and all work missed due to an absence.

Excused Absences: Students will be allowed to receive credit for work missed due to an excused absence if the work is completed within the amount of time missed plus one day.

Activity Absences: Students who will not be attending class due to an approved school activity must notify each teacher prior to the absence in order to make arrangements for completing all work that is going to be missed.

TARDY POLICY

- A. Promptness to class is very important.
- B. Students are to be in their seats with their pencil, pen, paper and textbooks ready to work when the bell sounds.
- C. A student is considered tardy if he/she is not properly seated in the classroom and ready to begin when the bell rings.
- D. Unexcused tardiness is an infraction and any student that violates this rule is subject to the provisions of the Policy on Student Behavior.
- E. The following procedures will be followed when dealing with tardies:
 1. 3rd Unexcused Tardy: Detention for each unexcused tardy; parents will be notified by student.
 2. Additional unexcused tardies will result in disciplinary action under the policy on student behavior.
- F. If a student must leave the room for any reason other than medical emergencies, he or she will be considered tardy unless prior permission from the teacher.
- G. All tardies will start over at the beginning of each (9) weeks.
- H. Tardiness is considered truancy and will be reported to the District Attorney's office as provided above.

PICKING STUDENTS UP EARLY

Students are not allowed to be picked up early from school unless absolutely necessary or the absences will be considered unexcused. The school realizes it is not always possible but the best effort should be made to make medical and other appointments after hours or on non-school days (example: spring break, summer, etc).

When picking students up early, parents must come to the office and sign their child out. At that time the student(s) being picked up will be called to the office. When picking students up during the day parents are encouraged to arrive early enough at the school to allow for this time.

ATTENDANCE AWARDS

Students, who have not been absent or tardy during the entire school year, will be given Perfect Attendance Certificates.

***PERFECT ATTENDANCE MEANS YOU ARE PRESENT EVERY MINUTE OF EVERY DAY THAT SCHOOL IS IN SESSION.**

GRADE SCALE

90 -100 = A 70 - 79 = C below 60 = F
80 - 89 = B 60 - 69 = D

A grade mark of 'I' is an incomplete and will be changed when the course is completed within the time limit set by the teacher.

STUDENT RETENTION (Regulation)

In accordance with the policy of the board of education, the following criteria for the selection of students to be retained in their current grade, or denied course credit, will be used in this school district. Students shall be promoted or receive credit for a course of study if a grade average of 60% has been achieved for an entire course of study as determined by the teacher. Students in grades one through eight must achieve a grade average of 60% or higher in at least three major courses of study to be promoted to the next higher grade. The major courses of study are math, language arts, science, reading, and social studies.

1. Any first-grade, second-grade, or third-grade student who demonstrates proficiency in reading at the third-grade level through a screening instrument which meets the acquisition of reading skills criteria shall not be subject to retention. Upon demonstrating proficiency through screening, the district shall provide notification to the parent(s) and/or guardian(s) of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.

2. If a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as scoring below proficient on a screening instrument which meets the acquisition of reading skills criteria, the district shall immediately begin a student reading portfolio and shall provide notice to the parent of the deficiency.

3. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade and still has a significant reading deficiency, as identified based on assessments administered as required by law, has not accumulated evidence of third-grade proficiency through a student portfolio, or is not subject to a good cause exemption, then the student shall not be eligible for automatic promotion to fourth grade.

4. For the 2015-2016 school year, a student not eligible for automatic promotion under paragraph 3 of this subsection and who scores at the unsatisfactory level on the reading portion of the third-grade statewide criterion-referenced test, may be evaluated for "probationary promotion" by the Student Reading Proficiency Team. For the 2016-2017 and 2017-2018 school years, a student not eligible for automatic promotion as provided for under paragraph 3 of this subsection and who scores at the unsatisfactory or limited knowledge levels on the reading portion of the third-grade statewide criterion-referenced test may be evaluated for "probationary promotion" by the student Reading Proficiency Team. The Student Reading Proficiency Team shall be composed of:

- (1) the parent(s) and/or guardian(s) of the student,
- (2) the teacher assigned to the student who had responsibility for reading instruction in that academic year,

- (3) a teacher in reading who teaches in the subsequent grade level, and
- (4) a certified reading specialist.

The student shall be promoted to the fourth grade if the team members unanimously recommend "probationary promotion" to the school principal and the school district superintendent and the principal and the superintendent approve the recommendation that promotion is the best option for the student. If a student is allowed a "probationary promotion," the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria, for the corresponding grade level in which the student is enrolled or transitions to the requirements set forth by the Achieving Classroom Excellence Act.

5. Beginning with the 2016-2017 school year, students who score below the proficient level on the reading portion of the statewide third-grade assessment and who are not subject to a good cause exemption as provided in subsection K of this section, and who do not qualify for promotion or "probationary promotion" shall be retained in the third grade and provided intensive instructional services and supports.

6. The school district shall annually report to the State Department of Education the number of students promoted to the fourth grade as required by law. A third grade student may be promoted for "good cause" if the student meets one of the following statutory exemptions:

(1) Limited-English-proficient students who have had less than two years of instruction in an English language learner program;

(2) Students with disabilities whose individualized education plans, consistent with state law, indicates that the student is to be assessed with alternative achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

(3) Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

(4) Students who demonstrate through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

(5) Students with disabilities who participate in the statewide assessments and who have an individualized education plan that reflects that the student has received intensive remediation for reading for more than two years but still demonstrates a deficiency in reading and was previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade; and

(6) Students who have received intensive remediation in reading through a program of reading instruction for two or more years but still demonstrate a deficiency in reading and

who were previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two years.

Requests to exempt students from the mandatory retention requirements based on one of the good-cause exemptions shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. Documentation shall be limited to the alternative assessment results or student portfolio work and the individual education plan (IEP), as applicable;
2. The principal of the school shall review and discuss the documentation with the teacher. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and
3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

In the elementary and middle schools, a placement committee consisting of the principal, counselor, and teacher(s) shall determine if a student is to be assigned to the next higher grade. The committee shall consider standardized test scores and the student's age.

Whenever a teacher or a placement committee recommends that a student be retained at the present grade level or not passed in a course, the parent(s) or guardian, if dissatisfied with the recommendation, may appeal the decision by complying with the district's appeal process. The decision of the board of education shall be final. The parent(s) or guardian may prepare a written statement to be placed in and become a part of the permanent record of the student stating the parent(s)'s or guardian's reason(s) for disagreeing with the decision of the board.

HOMEWORK

Homework is used primarily as reinforcement, make-up, catch-up, enrichment, or due to an unfinished classroom assignments. If a student works hard at school, little homework will be needed and he/she will have time for family involvement and extracurricular activities

ASSIGNMENTS

It is important that students complete and hand in all classroom and homework assignments on a daily basis. Incomplete daily work can greatly affect the student's overall performance and will be a major factor in receiving a lower grade, or will be a factor for retention.

Parents need to check with teachers to see if there is any work that needs to be completed. Teachers will contact the parents if there is a problem with incomplete work. Good communication between home and school is an important factor concerning school assignments.

If students repeatedly miss assignments detention will be assigned.

PROGRESS REPORTS

Pupils' progress will be reported by grade cards each nine weeks, mid-quarter progress reports, and parent-teacher conferences. Parents are encouraged to arrange individual teacher conferences throughout the school year to keep informed about student progress.

STUDENT APPEARANCE Student Conduct Dress Code (Regulation)

In accordance with the policy of the board of education, the following regulation shall establish a dress code.

Generally, students should regard neatness and cleanliness in grooming and clothing as important. Dress or grooming which is any way disruptive or offensive to the operation of the school will not be permitted.

Revealing or sexually provocative clothing or clothing of extreme style may not be worn. Pants or shorts will be worn at or above the point of the hips. All fasteners designed for use with an article of clothing will be used at all times with the exception of the top button of the shirt collar. All clothing must be in good repair.

If a student's dress or grooming is objectionable under the above provisions, the principal shall request the student to make appropriate corrections. If the student declines, the principal shall notify the student's parent or legal guardian and take appropriate disciplinary action. Any class time the student misses to change clothing will be counted as an unexcused tardy or absence.

Students who violate provisions of the dress code and who refuse to correct the violation may be disciplined. In extreme cases, students may be suspended until the violation is corrected. The following are specifically prohibited:

1. All clothing must be in good repair. The following are specifically prohibited: no inappropriate clothing will be allowed, cutoffs, short-shorts, boxer shorts, bike shorts, racerback tank tops, tube tops, halters, tops with spaghetti straps (during regular school hours), mini skirts, body suits, bandanas, oversized belts, chains, saggy pants, trench coats, sleepwear, leggings, yoga pants or other similar items will not be permitted by boys or girls.
2. Shirts or blouses that do not overlap the skirts or trousers. Shirts should cover the chest.
3. Clothing with writing or pictures which are suggestive or symbolic of drugs, alcohol, sex, or anything obscene, vulgar, illegal, immoral.
4. No gang related items.
5. Body piercing (exception: ear piercing)

9. Hair coloring that is not a natural hair color.
10. Hanging hair that covers a student's eye(s) or face.

Any class time the student misses to change clothing will be counted as an unexcused tardy or absence. The final decision on appropriate dress will be up to the discretion of the principal.

DOGS ON SCHOOL GROUNDS

We ask that all students and parents assist in reducing the number of dogs that follow children to school. This creates a potentially hazardous situation where children could be bitten. Animals should be made to stay home when children leave for school. Stray dogs will be reported to the city for pick up.

ALEXANDER PARENT FACULTY CLUB

The purpose of this organization is to create the best possible learning environment for the children of Alexander. It is hoped that through working for the children at Alexander we can develop a strong and beneficial relationship between the community and the school.

Information concerning regular meetings of this organization will be sent home with children. Your participation in club activities is welcomed and would be appreciated.

STUDENT MEDICATION

All medication must be brought to the Principal's office. No medication is to be kept in backpacks, lockers or carried around by the student. The only exception to this rule is for asthma students who use prescription inhalers or students who may require the use of an auto-injector containing epinephrine, used to treat severe allergic reactions. Special arrangements must be made with the Principal with written parent/guardian consent that the student is reliable and that it is medically necessary for the inhaler/auto-injector to be kept elsewhere. The school does not provide cough drops. It is the parent or guardians responsibility if you choose to send a few to school with your child. They cannot share with other students. If your child needs cough drops, they need their name on the original package and it must be given to their teacher for safe keeping. Students will not be given any medication (including Tylenol) without parent/guardian consent. At the beginning of each school year, new nursing office release forms will be sent home. They contain very important information and need to be returned as soon as possible. They contain information such as allergies, history of medical/health problems and authorize the school to use the listed external and internal medications. If the student must take medication at school the parent or guardian must fill out a form giving the principal or a designee permission to administer the listed medication. Forms are provided at the beginning of each year to keep at home, "just in case" and are available at all times from the office secretary or school nurse. This form must accompany the medication stating the name of the medication, the amount to be given, the student's name, and the time it is to be given at school. The medication must be in a properly labeled container. Ziploc bags, loose pills, etc. will not be given and will be returned home.

All parents must bring any medicine to the principal's office for safekeeping. It will be kept in a locked location at all times. Transporting the medication back and forth to school is the legal responsibility of the parent or guardian. NOTE: Homeopathic remedies, vitamins, etc. cannot be given at school.

ACCIDENTS AT SCHOOL

Playgrounds, cafeteria, hallways, etc. are always well supervised, but accidents can happen. If a student is injured at school and requires more medical attention than a bandage or antiseptic the parents will be notified immediately. Teachers are required to fill out an accident report on major accidents.

If a student requires immediate medical attention and the parent cannot be reached, the Principal or designee in charge will make the decision as to the action to be taken. The nursing office release form is very important for the emergency information. If you move during the school year, or get a different phone number, please inform the school as soon as possible.

STUDENT INSURANCE

Student insurance forms will be sent home with all students the first week of school. If you do not receive one, please contact the school office. The school cannot assume responsibility for student accidents. The insurance policy is optional and will be explained in the brochures sent home.

HEAD LICE

Commerce Public Schools in accordance with recommendations from the Oklahoma State Health Department has the following requirements of a student that have been sent home with live head lice and/or nits (eggs).

1. The student must be rechecked by the Principal, School Nurse or school designee before re-admittance to class.
2. Absence of live crawling forms
3. Strictly NO NITS (eggs) present in hair.

Since there is a compulsory attendance law, a student should not miss more than 2 days of school because of treatment for head lice.

THE OFFICE

Your principals and office staff are here to help you. They will be glad to help in anyway possible. On any rare occasion where both principals are absent from the building, a qualified staff member will be appointed to be in charge.

PHONE CALLS

Students will be allowed to make phone calls to parents when given permission by a teacher. Students should use phones located in their classroom or in the main office. All calls should be limited to two minutes and only made when very important and reason relates to school. Parents are encouraged keep interruptions of class time to a minimum. Parents need to try and reach their child and/or teachers during scheduled lunch and recess breaks.

VISITORS AT ALEXANDER

The board of education believes that parent involvement is one of the ingredients of a successful school. Visitors are welcome at the school; however they are required to stop by the office and sign-in. At Alexander Elementary School visitors are required sign-in, obtain a pass, and sign-out.

***Students are not allowed to bring other children as visitors to the school.**

The superintendent or principal shall have the authority to order any person out of the school building and off school property when it appears the presence of such person is a threat to the peaceful conduct of school business and school classes. Any person refusing to leave should be reported to the appropriate peace officer in that he/she may be guilty of a misdemeanor, punishable by fine or imprisonment.

PARENT VISIT'S

Classroom visits are always welcome. Please call first so individual conferences can be arranged. Parents must report to office before going to any classroom.

SCHOOL PARTIES

Three classroom parties are held each school year (Halloween, Christmas, and Valentine's Day). Students are also welcome to bring snacks for their class on special occasions such as birthdays, for class projects, etc. Invitations to birthday parties are not allowed to be given out at school unless every child in the class receives an invitation. On occasions, such as birthdays, going away parties, etc., where parents pay for services such as catered snacks, entertainment, etc.; arrangements such as this will need to be cleared through the office. All visitors are required to check into the office before going to any classroom or other location within the school.

CLOSED CAMPUS FOR LUNCH

No student may leave the school for lunch. If the child has special diet needs that require eating away from school, parents are asked to contact the office. We will make arrangements to accommodate all reasonable requests. Special permission to leave for lunch must have prior approval by the principal.

RECESS DURING COLD WEATHER

Children need outdoor activity and will be expected to play outside, properly dressed. If a child is to stay in the building, the parent shall send a note indicating the reason. If this request is abused, the teacher may request a note from a doctor. If the temperature is above 32⁰F, we will usually go out. Wind chill and dampness will also be considered.

VANDALISM AND PROPERTY DAMAGE

Our school buildings and equipment cost the taxpayers to construct, purchase, and maintain. Students who destroy or vandalize school property will be required to pay for losses or damages. If students willfully destroy school property, suspension, and subsequent expulsion may be necessary. If you should happen to damage something by accident, you must report it to a teacher or the office immediately.

SAFETY

If you are concerned about your safety or that of your friends, or know of a threat to your school, please call TOLL FREE 1-877-SAFE CAL(L), ext. OKI, or 1-877-723-3225 ext. 651. This is a free call in all 77 counties. You can remain anonymous and the call is confidential. SAFE CALL is a service of the Oklahoma State Department of Education.

FIELD TRIPS

When students participate in a field trip, all students must use school provided transportation to the location of the trip. A parent can request that their own child ride back

from the trip with them. It is imperative that the parent inform their child's teacher of this decision. Students are not allowed to ride back from a field trip using transportation other than what is provided by the school district unless it is with their own parent. Exceptions may be approved if the arrangements are made and permission is granted from both parents involved 24 hours in advance from the time leaving for the trip.

Students are not allowed to go on any school field trips other than ones designated specifically for them, their class or grade. Students who miss school to attend a field trip not designated for them will receive an unexcused absence. The student will also be ineligible to attend the next designated scheduled trip.

PARENTS ATTENDING FIELD TRIPS

For security purposes, before an adult outside of the school can participate in any school-sponsored field trip, they must inform their child's teacher that they wish to attend. A 24 hour notice is required. An official school volunteer request form must be filed-out and on file before going. This must all be done 24 hours in advance.

PARENTS RIDING SCHOOL BUS DURING FIELD TRIPS

When space is available, parents who have met the above requirement can ride the bus with their child to and from locations during field trips. Parents are not allowed to bring other children or guests with them on the bus. Parents must request to ride the bus at least 24 hours in advance. In the event that space is not available after loading students, parents should be prepared to make other transportation arrangements.

BUS REGULATIONS

Riding the school bus is a privilege. Improper conduct on the buses will not be tolerated.

STUDENTS MUST FOLLOW THESE RULES:

1. Only regularly scheduled bus students are to ride the school buses.
2. Bus students are to go immediately to the buses as soon as they are dismissed from school in the afternoon.
3. The bus driver may assign seats.
4. Be courteous and keep your hands to yourself.
5. No profanity.
6. Do not eat or drink on the bus; keep the bus clean.
7. Violence is prohibited.
8. Remain seated.
9. No smoking.
10. Keep your hands and head inside the bus.
11. Do not destroy property.
12. For your own safety, do not distract the driver through misbehavior.

MISBEHAVIOR ON BUS:

Punishment for misbehavior on bus will be at the discretion of building principals depending on circumstances (may include removal from the bus for an extended period of time or permanent removal from the bus). In the case of

permanent removal, parents can request to have a formal hearing. Serious misbehavior on the bus may also be cause for punishment up to and including suspension or expulsion from school.

PREVENTION AND RESPONSE PLAN

Effective and safe schools are well prepared for any potential crisis or violent act. In the event of a serious disorder, or a disturbance, necessary procedures will be initiated to insure the safety of all students, staff, and visitors.

Alexander Elementary has established prevention and response plans that include both lock down and disturbance evacuation procedures. The purpose of this plan is to be prepared and insure students remain safe in the event a dangerous disturbance occurs.

The staff at Alexander Elementary is well trained in the area of prevention and response procedures. Both lock down and disturbance evacuation drills are held during the school year at the minimum of once per semester. Employees at the Commerce School District also receive training in this area through staff in service. If you have any questions about our Prevention and Response Plan, please contact your child's teacher or the building principal.

DISCIPLINE POLICY OF COMMERCE PUBLIC SCHOOL

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people.

With an understanding of the purposes of discipline in a school, you may form a correct attitude toward it, and not only do your part in making your school an effective place of learning, but develop the habit of self-restraint which will make you a better person. Policy on student behavior is in accordance with School Laws of Oklahoma 2009, Section 487.2, Control and Discipline of Child, (70-24-100.4).

COMMERCE SCHOOL DISTRICT POLICY ON STUDENT BEHAVIOR

The Board of Education of the Commerce School District adopts the following policy and procedures dealing with student conduct and behavior:

General Expectations

The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at Commerce Public Schools. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides must also accept the responsibilities that inclusion demands, including respect for and obedience to school rules.

This includes but is not limited to electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation or bullying at school.

THE SCHOOL BULLYING PREVENTION ACT (70 OKLA. STAT. § 24-100.2)

The Oklahoma Legislature established the *School Bullying Prevention Act* with the express intent of prohibiting peer student harassment, intimidation, bullying and threatening behavior. These terms include, but are not limited to any gesture, written or verbal expression, electronic communication or physical act that a reasonable person should know will: harm another student; damage another student's property; place another student in reasonable fear of harm of the student's person or damage to the student's property; or insult or demean any student or group of students in such a way as to disrupt or interfere with the School District's educational mission or the education of any student.

The Board has also adopted a policy prohibiting harassment, intimidation, and bullying and threatening behavior that defines and explains this conduct and the School District's plan to address it.

DISCIPLINARY OPTIONS APPLICABLE TO STUDENT MISCONDUCT

Detention- Detention is a correctional measure used when it is deemed appropriate. Students are to report to the

appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.

Alternative In-School Placement- Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives.

Corporal Punishment- Corporal punishment is administered to students according to the following policy:

1) Corporal punishment is a form of discipline when the infraction by the student is considered serious or is a repeated infraction of school rules.

2) Corporal punishment will be administered by a certified staff member in an office or designated area and in the presence of another certified person. Punishment must be applied to the buttocks only. The witness should be informed of the infraction in the presence of the student.

3) A written report shall be made for each student receiving corporal punishment. The report will describe the offense and the disciplinary action taken. The report is to be signed by the staff member involved and the witness.

4) If parents or guardians do not wish for their child (children) to be paddled at school, they must have note saying so in the school files. Often there are medical or other reasons why a student cannot be paddled. The parent's wishes will be respected. Should the occasion arise that such student is involved in an incident where others would be paddled, then said student will attend level II alternative education for five (5) days. After five (5) days have been served, the student may return to the regular classroom.

Student Suspension- The judicial extension of Fourteenth Amendment protection to students in the public school emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases. The policy of the School District must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students. The term "out-of-school suspension" refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and the remainder of a current semester and the succeeding semester for all other offenses.

ALTERNATIVE IN-SCHOOL PLACEMENT, DETENTION, AND SIMILAR DISCIPLINARY OPTIONS OR CORRECTIONAL MEASURES ARE NOT CONSIDERED BY LAW TO BE OUT-OF-SCHOOL SUSPENSION AND DO NOT REQUIRE OR INVOLVE THE DUE PROCESS PROCEDURES SET FORTH WITHIN THIS POLICY.

Reference to "parent" in this section of the policy refers to a student's parent or legal guardian. Reference to "principal" means the school principal or the school staff member to whom the principal has delegated the responsibility for student discipline.

BEHAVIOR OR CONDUCT WHICH MAY RESULT IN SUSPENSION

Students who are guilty of any of the following acts may be suspended out-of-school by the administration of the School or the District for:

- a. violation of a school regulation;
- b. immorality;

c. adjudication as a delinquent for an offense that is not a violent offense. For the purposes of this section, "violent offense" shall include those offenses listed as the exceptions to the term "nonviolent offenses" as specified in Section 571 of Title 57 of the Oklahoma Statutes. "Violent offense" shall include the offense of assault with a dangerous weapon but shall not include the offense of assault;

d. possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device without prior authorization, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities; and

e. possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of-school suspension as provided in the School District's policy related to firearms.

In the event of a suspension in excess of five (5) days for any of the reasons listed above, an education plan as discussed in the Individualized Plans for Out-of-School Suspension section of this policy, below, shall be applicable for acts which fall within parts "a" through "d," above. As allowed by law, no education plan will be provided for acts which fall within part "e," above.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

SCHOOL DISTRICT'S OBLIGATION APPLICABLE TO ALL OUT-OF-SCHOOL SUSPENSIONS

Alternative In-School Placements:

Before an administrator recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension.

STUDENTS IDENTIFIED AS DISABLED UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT OR SECTION 504 OF THE REHABILITATION ACT OF 1973 AND WHO ARE SUSPENDED OUT-OF-SCHOOL OR RECEIVE DISCIPLINARY REMOVAL FROM THE CLASSROOM MAY REQUIRE ADDITIONAL PROCEDURAL CONSIDERATIONS.

Pre-Conference Applicable to Out-of-School Suspensions:

1) When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense (as set out in OKLA. STAT. tit. 57, § 571), the principal shall conduct an informal conference with the student.

2) At the conference with the student, the principal shall read the policy, rule or regulation which the student is charged with having violated and shall discuss the conduct

of the student which is a violation of the policy, rule or regulation.

3) The student shall be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.

4) If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the out-of-school suspension.

5) The principal shall immediately notify the parent by phone and in writing that the student is being suspended out of school and that alternative in-school placement or other available options have been considered and rejected. The written notice should state that alternative in-school placement or other available options have been considered and why they were rejected. Elementary and middle school students shall not be dismissed before the end of the school day without advance notice to the parent.

Immediate Out-of-School Suspension Without a Pre-Out-of-School Suspension Conference:

1) A student may be suspended out-of-school without the above pre-out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, or school employees, or to school property, or a continued substantial disruption of the educational process.

2) In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

Conferences With Parents:

1) The principal will seek to hold a conference with the parent or guardian as soon as possible after the out-of-school suspension has been imposed. The parent should be advised of his/her right to a conference with the principal at the time he/she is notified that an out-of-school suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.

2) At the conference, the principal will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct or behavior on the part of the student. The principal will also explain the basis for an out-of-school suspension rather than the use of alternative options. The parent should be asked by the principal if he/she understands the rule and the charges against the student.

3) At the conclusion of the conference, the principal shall state whether he/she will terminate or modify the out-of-school suspension. In all cases, the parent will be advised of his/her right to have the out-of-school suspension reviewed by the Superintendent of Schools, the Board of Education or a Hearing Officer appointed by the Board, or the out-of-school suspension review committee as provided by this policy. If the parent is in agreement with the principal's decision, he/she will be requested to sign a waiver of review.

Out-of-School Suspension Requirements:

1) An out-of-school suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of ten (10) school days.

short-term out-of-school suspension shall be a period of ten (10) or fewer school days.

2) In no event should an out-of-school suspension extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm, in which case an out-of-school suspension for up to one calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the School District's Gun-Free Schools Policy. Out-of-school suspensions should have a definite commencement and ending date; indefinite out-of-school suspensions are not permitted. It is recommended that out-of-school suspensions beyond ten (10) days be imposed only in serious situations.

3) Out-of-school suspensions should be consistent; that is, one student should not be suspended out of school for a few days and another student suspended out of school for an extended period for the same or similar offense. However, the principal may take previous conduct and previous disciplinary actions and out-of-school suspensions of the student into consideration.

4) Out-of-school suspensions until the student performs some remedial act are not permitted; however, the student may be advised that an out-of-school suspension of definite length will be terminated at an earlier date if he/she performs a prescribed remedial act or acts.

Individualized Plans for Out-of-School Suspension:

Out-of-school suspensions in excess of five (5) days shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve. A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Records and Reports:

The principal will keep written records of each out-of-school suspension conference containing the date of the conference, the names of the persons present, the time duration of the conference, and the basis for rejection of alternative disciplinary options. Also, the principal shall maintain records related to the Education Plan and the student and/or parent's compliance or non-compliance with the Plan.

**LONG-TERM OUT-OF-SCHOOL SUSPENSIONS
OUT-OF-SCHOOL SUSPENSIONS FOR MORE THAN
TEN (10) SCHOOL DAYS**

1) Right of Appeal: A parent or the student may appeal the principal's out-of-school suspension decision in excess of ten (10) school days to the Superintendent of Schools and,

following the appeal to the Superintendent, to the Board of Education or a Hearing Officer appointed by the Board of Education. At the student and/or parent or guardian's option the appeal may be directly to the Board of Education or the Board's appointed Hearing Officer.

2) Method of Appeal to the Superintendent of Schools or His/Her Designee: An appeal can be presented by letter to the Superintendent of Schools.

3) If no appeal is received within five (5) calendar days after the principal's decision is received by the parent or student, the principal's out-of-school suspension decision will be final and nonappealable.

4) The Superintendent of Schools or his/her designee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The conference will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.

5) At the conference, the Superintendent of Schools or his/her designee will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent should be asked by the Superintendent of Schools or his/her designee if he/she understands the rule and the charges against the student.

6) At the conclusion of the conference, the Superintendent of Schools or his/her designee will state whether he/she shall terminate or modify the out-of-school suspension. In all cases, the parent shall be advised of the parental right to have the out-of-school suspension reviewed by the Board of Education or a Board-appointed Hearing Officer. If the parent is in agreement with the decision of the Superintendent of Schools or the Superintendent's designee, the parent shall be requested to sign a waiver of review by the Board.

Method of Appeal to the Board of Education or the Board's Hearing Officer

1. An appeal can be requested by letter to the Superintendent or to the Clerk of the Board of Education.
2. If no appeal is received within five (5) days after the decision of the Superintendent or designee is received by the parent or student, the decision of the Superintendent or designee will be final. A direct appeal to the Board or Board-appointed Hearing Officer requires the student, parent, or guardian to file the written request for appeal within five (5) days of receipt of the principal's decision.

Hearing the Appeal:

1) The Board will hear the appeal as soon as possible or it may appoint a Hearing Officer to hear the appeal. The Board's decision, or the Hearing Officer's decision, is final and nonappealable.
2) The parent and student will be notified in writing of the date, time and place of the hearing.
3) The parent and student will have the right to an "open" or "closed" hearing, at their option.
4) Reasonable efforts will be made to accommodate the work schedule of parents.

Procedure for Student Out-of-School Suspension Appeal Hearing Before the Board of Education or Hearing Officer:

1) The Board President or the appointed Hearing Officer should:

a) Announce that the next agenda item is an out-of-school suspension review hearing for the student. In order to protect the confidentiality and privacy of the student, the student's initials should be used and not the student's name.

b) Ask whether the parents/child wish the hearing to be open to the public or in executive session. The offer of an open hearing and their response is to be made a part of the minutes of the meeting. If parents/child request a closed hearing, a motion to go into executive session per their request should be made and voted on.

2) The Board President or Hearing Officer should advise the parents/child:

a) That they are entitled to legal counsel, if they desire it.

b) That the administration will present its witnesses first and that after each witness the parents or their legal counsel will be given an opportunity to cross-examine.

c) That the parents/child will be given an opportunity to call any relevant witnesses and present any relevant evidence they may wish, subject to cross-examination by legal counsel for the administration.

d) That the Board or its Hearing Officer will consider the evidence and documents and reach a decision which will be recorded by vote in open session.

e) That the parents/child may ask any questions about the procedure.

3) Following presentation of 1 and 2 above, all administration witnesses and documents should be presented subject to cross-examination.

4) Parents/child may call any witnesses and present any documents subject to cross-examination.

5) After each witness is presented, School Board members or the Hearing Officer may ask the witness any questions.

6) Parents'/child's closing statement.

7) Administration's closing statement.

8) Deliberate in private. (If the hearing is not in executive session, the Board may deliberate in executive session only with permission of the parents or student.)

9) Return to open session and vote. After adopting a motion making certain findings of fact the Board must make a motion to: (1) affirm the out-of-school suspension; (2) modify the out-of-school suspension (increase or decrease severity of the out-of-school suspension); or (3) revoke the out-of-school suspension. If the hearing is before a Hearing Officer, no motions will be required as a part of the hearing process; otherwise, the Hearing Officer will have the same obligations as the Board when rendering a decision.

Attendance at School Pending Appeal Hearing:

Pending the appeal hearing of an out-of-school suspension to the Board or Hearing Officer, the student will have the right to attend school under such "in-house" restrictions as the principal deems proper, except that at the discretion of the principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the principal:

a) the conduct for which the student was suspended out of school reasonably indicates that continued attendance by the student pending any appeal hearing would be dangerous to other students, staff members or school property; or

b) the conduct for which the student was suspended out of school reasonably indicates that the continued presence of the student at the school pending any appeal hearing would substantially interfere with the educational process at the school.

SHORT-TERM OUT-OF-SCHOOL SUSPENSIONS OUT-OF-SCHOOL SUSPENSIONS OF TEN (10) OR FEWER SCHOOL DAYS

The Board of Education recognizes that student out-of-school suspensions of ten (10) or fewer school days (referred to as "short-term out-of-school suspensions") involve less stigma and require less formal due process procedures than are required for out-of-school suspensions of greater than ten (10) school days. Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed, at the Superintendent's discretion, of administrators, teachers, or both. The composition of the committee shall be reserved to the School District's discretion.

Right of Appeal:

A student who has been suspended out of school for a period of ten (10) or fewer school days is entitled to all pre-appeal rights presently accorded by School District policy to students who have been suspended out of school for periods of greater than ten (10) school days. A student who has been given a short-term out-of-school suspension and that student's parent has a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short-term out-of-school suspension and his/her parent shall be informed by the principal of this right and the method of submitting an appeal.

Method of Appeal to the Committee:

1. An appeal to the committee can be requested by letter to the school principal, which must be received within five (5) calendar days after the principal's out-of-school suspension decision is received by the student or his/her parent. The out-of-school suspension decision will become final and nonappealable if a request is not timely submitted.

2. Upon receipt of the request, the school principal shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized. If the school principal determines that the period of out-of-school suspension is greater than ten (10) school days, or if for any reason, the short-term out-of-school suspension is extended beyond ten (10) school days prior to the committee hearing, the procedures applicable to long-term out-of-school suspensions must be followed and the student must be given the opportunity to appeal any adverse decision as provided by this policy for long-term suspension.

Hearing the Appeal:

1. The Superintendent of Schools shall appoint a review committee consisting of not less than three School District employees who shall be certified administrators and/or teachers, and shall designate a chairperson for the committee. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.

2. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration shall be given to accommodate the work schedules of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time and place of the hearing. The principal who issued the out-of-school suspension decision

shall attend the committee hearing. Either party choosing to have legal counsel at the committee hearing shall give the other party twenty-four (24) hours advance notice of that decision. The failure to give such notice will preclude the party's right to have counsel attend the hearing.

3. The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The principal will briefly outline the student's conduct, read the policy, rule or regulation which the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will be asked by the committee if they understand the rule and charges against the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.

4. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will be mailed to the parent or guardian of the student, the principal and the Superintendent of Schools.

5. The decision of the committee shall be final and nonappealable.

STUDENT PRIVILEGES WHILE UNDER OUT-OF-SCHOOL SUSPENSION OR UNDER OTHER DISCIPLINARY OR CORRECTINAL MEASURES

Participation in and attendance at the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal of an out-of-school suspension, the student immediately, notwithstanding the filing of an appeal, forfeits the privilege of participating in and attending all extracurricular activities of the school. In addition, when a principal determines to impose alternative in-school disciplinary or other correctional measures against a student, then the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student. "Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

SUSPENSION OF DISABLED STUDENTS

1. Short-Term Suspensions

The school district may suspend a disabled student for a period of ten consecutive school days or less for any conduct that would warrant suspension for a non-disabled student.

2. Long-Term Suspensions

Before implementing the suspension of a disabled student for more than ten consecutive school days, the school district will notify the student's parent or guardian in writing of the proposed suspension and convene a meeting of the student's Individual Education Plan team. The I.E.P. team will determine whether additional evaluation of the student is necessary and whether the misbehavior for which

suspension is proposed is caused by the student's disability.

3. Emergency Suspensions

If the student poses an immediate threat to his or her own safety or to the safety of others, the school district may immediately suspend the student for up to ten school days. During the suspension period, the student's I.E.P. team will meet to determine whether the misbehavior is caused by the student's disability and whether further evaluation is necessary.

4. Relationship Between Misbehavior and Disability

A. Misbehavior Caused by Disability

If the I.E.P. team determines that the student's misbehavior is caused by his or her disability, the team will consider whether the student's current educational placement is appropriate and what, if any, modifications to the I.E.P. should be made. These modifications may include a more restrictive placement. If the I.E.P. team determines that the student's placement should be modified, the school district will give the student's parent or guardian written notice of the proposed modification and allow at least ten calendar days for response. The school district will also advise the parent that the student is entitled to all due process procedures available under the Individuals with Disabilities Education Act ("IDEA") and applicable state policies and procedures. The school district will maintain the student's current placement during the ten-day period, unless the student's parent or guardian agrees to the modification before the period expires or an emergency suspension is necessary under section 3 or 5 of this policy. If the I.E.P. team determines that the student's disability caused his or her misbehavior, the school district will not suspend the student as discipline for the misbehavior.

B. Misbehavior Not caused by Disability

If the I.E.P. team determines that the misbehavior is not caused by the student's disability, the child may be suspended from school as discipline for the misbehavior. If the school district proposes a suspension that will cause the student's days suspended to total more than ten during the current school year, the school district will give the student's parent or guardian written notice of the proposed suspension and allow at least ten calendar days for response before implementing the suspension. The school district will also advise the student's parent or guardian that the student is entitled to all due process procedures available under IDEA and applicable state policies and procedures as well as the due process rights available to a disabled student for whom suspension has been recommended. The school district will not implement the suspension during the ten-day period, unless the student's parent or guardian agrees to the suspension before the period expires or an emergency suspension is necessary under Section 3 or 5 of this policy.

5. Stay Put

If either the student or the school district initiates due process proceedings under the IDEA, the student will remain in his or her current educational placement until those proceedings have been completed, unless the school district and the parent or guardian agree otherwise.

However, if the student poses an immediate threat to his or her own safety or the safety of others, the school district may bring civil action to enjoin the student from attending school for the duration of the due process proceedings or to seek other appropriate relief.

6. Continuing Educational Services

The school district will not provide educational and/or related services to disabled students during short-term suspensions. The school district will provide appropriate educational and/or related services during long term suspensions to any student who is categorized as disabled under the IDEA, whether or not the student's misbehavior is caused by his or her disability. The student's I.E.P. team will determine an appropriate educational program for the student during the term of the suspension.

7. Multiple Suspensions

The school district may suspend a disabled student for multiple periods of ten consecutive school days or less. When the student has been suspended for a total of 11 days during the current school year, the school district will implement the procedures described in Section 3 and 4 of this policy for any subsequent suspension.

8. Suspension from Transportation

The school district may suspend a disabled student from transportation as a disciplinary measure.

OFF-CAMPUS CONDUCT

The authority of administrators to suspend or otherwise discipline a student is not limited to the student's on-campus conduct. Students may be suspended out-of-school or otherwise disciplined for off-campus conduct, which has an adverse impact on good order, discipline or the learning environment at the school. (Reference: O.S. 70-24-101.3)

When a student receives an after school detention for a school discipline problem, it becomes the responsibility of the student, parent or guardian to provide transportation home. Detentions are assigned on the detention day following the infraction.

1. Students are given a minimum of 24 hours notice before being asked to serve detention excluding Saturday detention, which may be assigned on Friday and must be served the next day.

stops on the way to and from school unless instructed by parents.

Bicycles should be placed in the bike racks and locked.

Bus Riders- Riding the bus to and from school is a privilege. The bus is an extension of the classroom. If a student's conduct is unbecoming or in any way endangers the welfare of others, this privilege can and will be taken away.

The driver is the person in charge of the bus. Students should show them respect and be courteous at all times. The school's responsibility for the student begins when he/she enters the bus and ends when he/she leaves the bus.

Students, upon entering the bus, should find a seat and remain seated until the bus stops moving and they are to exit.

Students should refrain from any type of horseplay on the bus. Also, refrain from loud talking. Many people's safety depends upon the driver being able to concentrate on driving.

School personnel will be on duty in the afternoon. If a student needs help, he/she should go immediately to the teacher on duty.

There will be a bell to signal the completion of the loading of buses. No bus will leave before five minutes after the dismissal of school. Five minutes is ample time to board, so there is no need to run from the building to the buses.

SEXUAL HARASSMENT OF STUDENTS

The policy of this school district forbids discrimination against, or harassment of any student on the basis of sex. The Board of Education will not tolerate sexual harassment

by any of its employees or students. This policy applies to all students and employees including non-employee volunteers whose work is subject to the control of school personnel. A separate policy applies to sexual harassment of employees.

1. Sexual Harassment

A. For the purpose of this policy, sexual harassment includes verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, patting, or brushing against; comments regarding physical or personality characteristics of a sexual nature; and sexually-oriented "kidding" "teasing," double meanings, and jokes.

B. For the purpose of this policy, demeaning comments about a girl's ability to excel in a class historically considered a "boy's" subject, privately talking inappropriately to a student about sexual matters, hugging or touching a student inappropriately will constitute sexual harassment.

C. Writing graffiti, which names a student or otherwise identifies a student is potentially slanderous and constitutes sexual harassment. Graffiti of any kind will not be tolerated on school property. The superintendent is directed to cause any graffiti or unauthorized writings to be removed immediately.

2. Specific Prohibitions

A. Administrators and Supervisors

1. It is sexual harassment for an administrator, supervisor, support employee, or teacher to use his or her authority to solicit sexual favors or attention from students.
2. Administrators, supervisors, support personnel, or teachers who either engage in sexual harassment of a student or tolerate such conduct by other employees shall be subject to sanctions, as described below.
3. The school district is not concerned with the "off-duty" conduct of school personnel unless the conduct has or will have a negative impact on the educational process of the school. Any romantic or sexual affiliation between school personnel and students, including students who have reached the age of majority (18) during school hours will have a negative impact on the educational process and shall constitute a violation of school policy. Such violations may result in suspension of the student and suspension or termination for the employee.

3. Report, Investigation, and Sanctions

A. It is the express policy of the board of education to encourage student victims of sexual harassment to come forward with such claims. This may be done through the Sexual Discrimination Grievance Policy.

1. Students who feel that administrators, supervisors, support personnel, teachers, or other students are subjecting them to sexual harassment are encouraged to report these conditions to the appropriate administrator or teacher. If the student's immediate administrator or teacher is the alleged offending person, the report will be made to the next higher level of administration or supervision or to any responsible adult person.
 2. Confidentiality will be maintained and no reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.
- B. In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the conduct and the context in which the alleged conduct occurred will be investigated. The superintendent has the responsibility of investigating and resolving complaints of sexual harassment.

C. Any employee found to have engaged in sexual harassment of students shall be subject to sanctions, including, but not limited to warning, suspension, or termination subject to applicable procedural and due process requirements.

D. Any student found to have engaged in sexual harassment of other students shall be subject to sanctions, including, but not limited to warning, suspension or other appropriate punishment subject to applicable procedural and due process requirements.

GUN-FREE SCHOOLS STUDENT SUSPENSION POLICY

It is the policy of the Commerce School District that any student who is determined to have brought a weapon to a school under the jurisdiction of the School District shall be suspended out of school for a period of not less than one year.

Any out-of-school suspension imposed under this policy may be modified for any student on a case-by-case basis by the chief administrative officer of the School District. For the purposes of this policy, the following definitions shall control:

1) The term "weapon" means a firearm as such term is defined in Section 921 of Title 18 of the United States Code.

2) The term "chief administrative officer" means the superintendent of schools or the board of education of the District.

3) The term "determined to have brought a weapon to a school under the jurisdiction of the School District" means any student being in possession or control of a weapon on property owned, leased or rented by the School District, including, but not limited to, school buildings, parking lots and motor vehicles and any student who is in possession or control of a weapon at any School District sponsored function regardless of whether such function is conducted on School District property.

Enforcement of this policy shall be consistent with state and federal laws dealing with discipline of students with disabilities.

It is the policy of this School District to refer to the appropriate criminal justice or juvenile delinquency system any student who violates this policy. Any firearm seized from a student by any school employee shall immediately be delivered to a law enforcement authority for disposition pursuant to applicable law.

Any out-of-school suspension initiated pursuant to this policy shall be subject to the procedural safeguards set forth in the School District's policy for the out-of-school suspension of students.

Before the School District, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension, but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension and as a part of the chief administrative officer's case-by-case review of violations of this policy.

Consistent with Oklahoma law, for an out-of-school suspension under this policy, no education plan shall be implemented during the term of the suspension.

This policy applies only to students who are determined to have brought a weapon to school under the jurisdiction of the School District, as defined above; current School District policy on student suspensions for non-weapon violations are unaffected by this policy.

COMMERCE SCHOOL DISTRICT POLICY PROHIBITING STUDENT POSSESSION OF DANGEROUS WEAPONS

4) In order to provide a safe environment for the students and staff of the Commerce School District, the Board of Education adopts this policy prohibiting the possession and/or use of dangerous weapons, replicas or facsimiles of dangerous weapons and items or instrumentalities which are used to threaten harm or are used to harm any person.

5) Dangerous weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the School District. In addition, possession of dangerous

weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the School District.

6) For the foregoing reasons and except as specifically provided in paragraph 10 below, possession by any student of a dangerous weapon, as that term is defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited. Further, use of any item or instrumentality by a student to threaten harm to any person or which is used to harm any person, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited.

7) For purposes of this policy, "possession of a dangerous weapon" includes, **BUT IS NOT LIMITED TO**, any person having a dangerous weapon: (1) on his person; (2) in his locker; (3) in his vehicle; (4) held by another person for his benefit; or (5) at any place on school property, a school bus or vehicle, or at a school activity.

8) A dangerous weapon includes, **BUT IS NOT LIMITED TO**, a pistol, revolver, rifle, shotgun, air gun or spring gun, B-B gun, stun gun, hand grenades, fireworks, slingshot, bludgeon, blackjack, brass knuckles or artificial knuckles of any kind, nun-chucks, dagger, bowie knife, dirk knife, butterfly knife, any knife, regardless of the length or sharpness of the blade, any knife the blade of which can be opened by a flick of a button or pressure on the handle, any pocketknife, regardless of the length or sharpness of the blade, any pen knife, "credit card" knife, razor, dart, ice pick, explosive smoke bomb, incendiary device, sword cane, hand chains, firearm shells or bullets, garrotes, choking devices, mace, pepper spray, and any item whose principal purpose is for use as a weapon, whether offensive or defensive, and any replica or facsimiles of any of the foregoing items, or any item or instrumentality which is used to threaten harm or is used to harm any person or any chemical, material or substance which can cause an irritation to or reacts with human tissue, or any chemical, material or substance used, given, applied to or administered to another person without that person's consent. **THE FOREGOING LIST OF "DANGEROUS WEAPONS" IS DESCRIPTIVE AND BY WAY OF EXAMPLE ONLY AND IS NOT TO BE CONSIDERED AN EXCLUSIVE OR LIMITING LIST OF DANGEROUS WEAPONS. IT WILL NOT BE A DEFENSE TO ANY DISCIPLINARY ACTION UNDER THIS POLICY THAT THE STUDENT POSSESSING THE DANGEROUS WEAPON DID NOT KNOW THAT IT IS A DANGEROUS WEAPON, BUT SUCH CLAIM OF A LACK OF KNOWLEDGE MAY BE CONSIDERED IN MITIGATION OF ANY DISCIPLINARY PENALTY.**

9) Any student in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy or who uses any item or instrumentality to threaten harm to any person or is used to harm any person may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities. Students who violate this policy may be suspended from school, barred from school property and all school activities for any period of time up to the maximum period authorized by law. Additionally, appropriate school staff members may seek to file criminal charges against the student.

10) If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or a replica or facsimile of a dangerous

weapon, the teacher or employee shall immediately investigate the matter and shall confiscate any such weapon found if this can be accomplished without placing any students or staff in jeopardy, and shall immediately notify the principal or the principal's designee. If the teacher or employee does not believe that the weapon can be confiscated safely, the teacher or employee shall immediately notify the principal or the principal's designee of the situation.

11) If the principal or his designee learns that a student is believed to be in possession of a dangerous weapon or replica or facsimile thereof, the principal or designee shall observe the following procedure:

- a) Immediately investigate the matter and contact the police or campus security, if appropriate.
- b) If not already confiscated by an employee of the School District and if it can be accomplished without risk of injury, the principal or designee should take possession of the dangerous weapon or replica or facsimile.
- c) Notify the superintendent of schools or designee.
- d) Notify the student's parents.
- e) Cooperate fully with the police.
- f) Transfer confiscated weapon to the police department, if feasible.

12) A student who has been suspended from another school district because of the possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, shall not be accepted as a transfer student into the School District.

13) An exception to this policy may be granted for students participating in an authorized curricular or extracurricular activity or team involving the use or demonstration of a dangerous weapon, or replica or facsimile of a dangerous weapon. For this exception, prior written approval by the principal, in consultation with the superintendent of schools, is required.

14) A student's inadvertent or unintentional possession of a dangerous weapon or replica or facsimile thereof on school property, a school bus or vehicle, or at a school activity is no defense or excuse to compliance to this policy, but may be considered in determining the length or severity of any punishment for violation of this policy.

15) Notwithstanding any of the foregoing provisions, rights of due process for all students and rights of disabled students must be observed in accordance with applicable law and school board policies.

24/7 SMOKE FREE/TOBACCO FREE ENVIRONMENT POLICY

WIRELESS TELECOMMUNICATIONS DEVICES

Should we not be able to accommodate your request, we will inform you in writing at least one week prior to the beginning of school.

School dances involving elementary students are not allowed. The teaching of different dance styles by school staff or hired services is permitted within a classroom or assembly environment. The exhibition of cultural dances is accepted in an assembly and/or classroom type format.

POLICY AND GUIDELINES FOR OFF-CAMPUS CONDUCT BY STUDENTS ENGAGED IN EXTRACURRICULAR ACTIVITIES

The Board of Education of the Commerce Public Schools recognizes that: (1) Participation in school sponsored and sanctioned extracurricular activities is a privilege and not a right; (2) Off campus conduct by a student, who has been permitted to represent Commerce Public Schools in competitive and non-competitive extracurricular activities, can reflect either positively or negatively on the Commerce School System, its faculty and other students; and (3) the use of drugs and alcohol has been shown to have an adverse effect upon a student's training and performance in many extracurricular activities.

It is therefore the policy of the Board of Education of the Commerce Public Schools that:

- A. Any student, who is now or will be representing Commerce Public Schools in competitive and/or non-competitive extracurricular activities, shall not engage in any activity, whether on or off campus, which violates the criminal laws of the State of Oklahoma or any other State or Federal government and in addition, any such student shall refrain from the improper or illegal use of alcohol or other mind altering substances or controlled drugs; Before any student will be permitted to represent Commerce Public Schools in competitive and/or non-competitive extracurricular activities, the student and the student's parent(s) or guardian(s) must agree to abide by this policy.

GUIDELINES FOR VIOLATION OF POLICY

All disciplinary action imposed for violations of this policy as authorized below shall be in addition to any action or punishment required by the judicial and/or other governmental agencies and the Oklahoma Secondary Activities Association.

FIRST OFFENSE: Within one week of receiving information indicating a violation of this policy by any student, the involved principal, with input from the sponsors of all extracurricular activities in which the student is or might be involved, shall determine (a) whether the evidence establishes to their satisfaction or to a majority of them that the student has committed an act which violates this policy, and that the violation is both serious and of sufficient importance that it justifies disciplinary action. If so, the principal shall determine: if suspension is an appropriate disciplinary action; and the dates when the suspension will begin and end for each extracurricular activity.

Unless circumstances exist justifying either more or less suspension time, it is a recommendation, but not a requirement that suspension for a first offense should be for a minimum of ten percent (10%) the scheduled competitions/games of the in season activity or non-seasonal activities, as well as non competitive organizations.

While a student is serving his/her suspension, non-contact practice such as running, conditioning and/or weight training will be allowed. The student will not be allowed to participate in any scheduled events or activities.

SECOND OFFENSE: If a student violates this policy for a second time, the student shall immediately be suspended from participating in all extracurricular activities for a total of eighteen (18) continuous and successive school weeks. Such suspension will extend into a succeeding school year(s) if necessary to fulfill the suspension.

THIRD OFFENSE: If a student violates this policy for a third time, the student shall immediately be suspended from participating in all extracurricular activities for life. Such suspension will extend into succeeding school year(s) if necessary to fulfill the suspension.

APPEALS: Any student suspended from participating in extracurricular activities, including his or her parent(s) or guardian(s), shall have a right to appeal by filing with the Superintendent A Notice of Appeal which shall specify in writing the action of which complaint is made and the relief requested.

SHORT TERM SUSPENSION: If the suspension is for ten percent (10%) or less of the scheduled competitions/games of the in season activity or non-seasonal activities, as well as non competitive organizations, the superintendent shall hear any evidence offered by the student and the principal and render a decision on the appeal within ten (10) days of the appeal. On appeal the superintendent may modify the suspension, establish new dates or provide for more or less days of suspension. The decision of the superintendent shall be final, unless the decision by the superintendent is to suspend the student for more than ten percent (10%) of the scheduled competitions/games of the in season activity or non-seasonal activities, as well as non competitive

organizations, in which event, a further appeal may be made to the Board of Education as provided below.

LONG TERM SUSPENSION: If the suspension is for more than ten percent (10%) of the scheduled competitions/games of the in season activity or non-seasonal activities, as well as non competitive organizations, the superintendent shall docket the matter for discussion and possible action at the next Board of Education meeting. At that meeting the Board may either hear the appeal or postpone the appeal to a date certain for a special meeting of the Board. In order to properly rule upon the appeal, the Board may hear evidence in executive session or public session, but the vote to render a decision on the appeal must be made in public session and recorded in the minutes.

After hearing the evidence, the Board may modify the suspension, establish new dates or provide for more or less days of suspension. The decision of the Board shall be final.

If the appeal is while school is in session, the Board must make a decision on the appeal within sixty (60) days, otherwise the decision on the appeal must be made no later than thirty (30) days following the start of the next school year.

During the pendency of the appeal to the Board, the student shall not be suspended from extracurricular activities until a decision on the appeal has been made, unless the Board, on application of the superintendent and by a two-thirds (2/3) vote, finds that the circumstances are such that the suspension should be ordered during the appeal.

1. Upon the request of a student, parent, guardian, or educator, a student will be given the opportunity to demonstrate proficiency in one or more areas of the core curriculum.
 - A. Proficiency will be demonstrated by assessment or evaluation appropriate to the curriculum area, for example: portfolio, criterion-referenced test, thesis, project, product or performance. Proficiency in all laboratory sciences will require that students are able to perform relevant laboratory techniques.
 - B. Students shall have the opportunity to demonstrate proficiency in the core areas twice each year: once before the beginning of the school term and at the end of the school term as identified in 70 O.S. §11-103.6:
 1. Social Studies

 5. Mathematics
 6. Science
 - C. Students may obtain credit by examination in lieu of Carnegie Units for courses, but subject to compliance with the Oklahoma School Testing Program.
 1. Courses not tested under the Oklahoma School Testing Program. The school district will make available assessment tools to determine proficiency for credit by examination for courses without corresponding Oklahoma School Testing Program assessments. The assessment tools will be aligned to the school district's curriculum and will accurately measure the student's demonstration of sets of competencies in standards adopted by the State Board of Education.
 2. Courses tested under the Oklahoma School Testing Program. If a student seeks to "test out" of a course under the Oklahoma School Testing Program, a student must obtain a score of at least "Proficient" on

2. Students demonstrating proficiency in a core curriculum area will be given credit for their learning and will be given the opportunity to advance to the next level of study in the appropriate curriculum area.
 - A. The school will confer with parents in making such promotion/acceleration decisions. Such factors as social, emotional, and intellectual needs of the student will be used in the consideration of the promotion/acceleration decision.
 - B. If the parent or guardian requests promotion/acceleration contrary to the recommendation of school personnel, the parent or guardian shall sign a written statement to that effect. This shall be included in the permanent record of the student.
 - C. Failure to demonstrate proficiency will not be noted on the transcript.
 - D. Students must progress through a curriculum area in a sequential manner. Elementary, middle level, or high school students may demonstrate proficiency and advance to the next level in a curriculum area.
 - E. If proficiency is demonstrated in a 9-12 curriculum area, appropriate notation will be placed on the high school transcript. The unit shall count toward meeting the requirements for the high school diploma.
 - F. Units earned through proficiency assessment will be transferrable with students among school districts within the state of Oklahoma.
 3. Proficiency assessment will measure mastery of the priority academic student skills in the same way that curriculum and instruction are focused on the priority academic student skills. In other words, assessment will be aligned with curriculum and instruction.
 4. Options for accommodating student needs for advancement after they have demonstrated proficiency may include, but are not limited to, the following:
 - A. Individualized instruction;
 - B. Correspondence courses;
 - C. Independent study;
 - D. Concurrent enrollment;
 - E. Cross-grade grouping;
 - F. Cluster grouping;
 - G. Grade/course advancement;
 - H. Individualized education programs.
 5. Each year the school district will disseminate materials explaining the opportunities of Proficiency Based Promotion to students and parents in the district. Priority Academic Student Skills and type of assessment or evaluation for each core curriculum area will be made available upon request.

Appropriate notation will be made for elementary, middle level or high school level students satisfactorily completing a 9-12 high school curriculum area. Completion may be recorded with a grade or pass. This unit will count toward meeting the requirements for the high school diploma.

BULLYING

It is the policy of this school district that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-

sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying or students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school. The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public school or private school in Oklahoma or another state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students.

As used in the School Safety and Bullying Prevention Act, "bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

Any student who has been previously disciplined for threatening behavior is subject to alternative placement or suspension if the offense is repeated. The alternative placement or suspension shall not exceed the remainder of the current semester and the succeeding semester.

INTERNET AND OTHER COMPUTER NETWORKS ACCEPTABLE USE AND INTERNET SAFETY POLICY

The Commerce Public Schools district is pleased to make available to students and staff access to interconnected computer systems within the district and to the Internet, the worldwide network that provides access to significant educational materials and opportunities.

In order for the school district to ensure the continued accessibility of its computer network and the Internet, all students and staff must take responsibility for appropriate and lawful use of this access. Students and staff must understand that one person's misuse of the network and Internet access may jeopardize the ability of all students and staff to enjoy such access. While the school's teachers and other staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Below is the Acceptable Use and Internet Safety Policy ("policy") of the school district and the Data Acquisition Site that provides Internet access to the school district. Upon reviewing, signing, and returning this policy as directed, each student and staff member agrees to follow the policy and will be given the opportunity to enjoy Internet access at school. If a student is under 18 years of age, he or she must have his or her parent or guardian read and sign the policy. The school district shall not provide access to any student who, if 18 or older, fails to sign and submit the policy to the school as directed or, if under 18, does not return the policy as directed with the signatures of the student and his/her parent or guardian.

Listed below are the provisions of the agreement regarding computer network and Internet use. The district has designated a staff member to whom users may direct questions. If any user violates this policy, the user's access will be denied or withdrawn, and the user may be subject to additional disciplinary action.

Personal Responsibility- By signing this policy, the user agrees not only to follow the rules in this policy, but

also to report any misuse of the network to the person designated by the school for such reporting. Misuse means any violations of this policy or any other use that is not authorized under this policy, and having the effect of harming another or his or her property.

Term of the Permitted Use- A student or staff member who submits to the school, as directed, a properly signed policy and follows the policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students and staff will be asked to sign a new policy each year during which they are students or staff members in the school district before they are given an access account.

Acceptable Uses

1. **Educational Purposes Only.** The school district is providing access to its computer networks and the Internet for educational purposes *only*. If the user has any doubt about whether a contemplated activity is educational, the user may consult with the person(s) designated by the school to help decide if a use is appropriate.

2. **Unacceptable Uses of Network.** Among the uses that are considered unacceptable and which constitute a violation of this policy are the following:

A. Uses that violate the law or encourage others to violate the law. Do not transmit offensive or harassing messages; offer for sale or use any substance the possession or use of which is prohibited by the school district's student discipline policy; view, transmit or download pornographic materials or materials that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, the user should assume that all materials are protected unless there is explicit permission on the materials to use them.

B. Uses that cause harm to others or damage to their property. For example, do not engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than the user is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, "Trojan horse," "time bomb," or other harmful form of programming or vandalism; participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.

C. Uses that jeopardize the security of student and staff access and of the computer network or other networks on the Internet. For example, do not disclose or share your password with others; do not impersonate another user.

D. Uses that are commercial transactions. Students, staff, and other users may not sell or buy anything over the Internet. The user should not give others private information about the user or others, including credit card numbers and social security numbers.

3. **Netiquette.** All users must abide by rules of network etiquette, which include the following:

A. Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.

B. Avoid language and uses that may be offensive to other users. Do not use access to make, distribute, or redistribute jokes, stories, or other material that is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.

C. Do not assume that a sender of e-mail is giving his or her permission for the user to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should be done only with permission or when the user knows that the individual would have no objection.

D. Be considerate when sending attachments with e-mail (where this is permitted). Be sure that the file is not too large to be accommodated by the recipient's system and is in a format that the recipient can open.

4. **Cyber Bullying** - Cyber bullying is when one or more people intentionally harm, harass, intimidate, or reject another person using technology. This includes but is not limited to the following:

*Sending mean or threatening messages via email, IM (instant messaging), or text messages.

*Spreading rumors about others through email, IM, or text messages.

*Creating a Web site or MySpace (or other social-networking) account that targets another student or other person(s).

*Sharing fake or embarrassing photos or videos of someone with others via a cellphone or the Web.

*Stealing another person's login and password to send mean or embarrassing messages from his or her account.

It shall be the policy of Commerce Public Schools that cyber bullying will not be tolerated under any circumstances. A student caught violating this policy will lose computer privileges and these actions may result in further disciplinary action including suspension or expulsion from school of the student(s) involved. In addition, violators and their parents/guardians may be subject to civil and/or criminal penalties as specified by Oklahoma and/or federal law.

Internet Safety

1. **General Warning; Individual Responsibility of Parents and Users.** All student users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged students. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guides to materials to shun. If a student or staff member finds that other users are visiting offensive or harmful sites, he or she should report such use to the appropriate school designee.

2. **Personal Safety.** Be safe. In using the computer network and Internet, the user should not reveal personal information such as the user's home address or telephone number. The user should not use his/her real last name or any other information which might allow a person to locate the user without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone "met" on the computer network or Internet without a parent's permission (if the user is under 18). Regardless of the user's age, the user should never agree to meet a person the user has only communicated with on the Internet in a secluded place or in a private setting.

3. **"Hacking" and Other Illegal Activities.** It is a violation of this policy to use the school's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

4. **Confidentiality of Student Information.** Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or, if the student is 18 or over, the permission of the student. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by law, for internal administrative purposes or approved educational projects and activities.

5. **Active Restriction Measures.** The school, either by itself or in combination with the Data Acquisition Site providing Internet access, will utilize filtering software or other technologies to prevent users from accessing visual depictions that are (1) obscene, (2) pornographic, or (3) harmful to minors. We are using Sonicwall for our technology protection measure (internet filtering software) to ensure that users are not accessing such depictions or any other material that is inappropriate for minors. Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age 17 and older.

The term "harmful to minors" is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file, or other visual depiction that

- taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals;
- taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

6. All students will be educated about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Privacy

Network and Internet access is provided as a tool for the user's education. The school district reserves the right to monitor, inspect, copy, review, and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the school district and no user shall have any expectation of privacy regarding such materials.

Failure To Follow Policy

The user's use of the computer network and Internet is a privilege, not a right. A user who violates this policy, shall at a minimum, have his or her access to the computer network and Internet terminated, which the school district may refuse to reinstate for the remainder of the student's enrollment or the staff member's employment in the school district. A user violates this policy by his or her own action or by failing to report any violations by other users that come to the attention of the user. Further, a user violates this policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The school district may also take other disciplinary action in such circumstances.

Warranties/Indemnification

The school district makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this policy. It shall not be responsible for any claims, losses, damages, or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user (or his or her parents or guardian) arising out of the user's use of its computer networks or the Internet under this policy. By signing this policy, users are taking full responsibility for their own use, and the user who is 18 or older or the parent(s) or guardian(s) of a minor student are agreeing to indemnify and hold the school, the school district, the Data Acquisition Site that provides the computer and Internet access opportunity to the school district and all of their administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from the user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or the parent(s) or guardian(s) of a minor student agree to cooperate with the school in the event of the school's initiating an investigation of a user's use of his or her access to its computer network and the Internet, whether that use is on a school computer or on another computer outside the school district's network.

Updates

Users, and if appropriate, their parents/guardians, may be asked from time to time to provide new or additional registration and account information or to sign a new policy reflecting developments in the law or technology or changes in district policy. Such information must be provided by the user (or his/her parents or guardian) or such new policy must be signed if the user wishes to continue to receive service. If after account information is provided, some or all of the information changes, the user must notify the person designated by the school to receive such information.

BOARD OF EDUCATION PHILOSOPHY

We believe in excellence in education for each student as best suits his/her needs, capabilities, and aspirations. Opportunity for learning is basic to our democratic heritage, and becomes an individual right to be nurtured, protected, and advanced through public education.

We commit ourselves to timely curricular and extra-curricular selections which stress academic disciplines, vocational development, aesthetic appreciation, physical development, moral objectives, social efficiency, and productive citizenship.

We recognize and encourage community interests, needs, and organizations which influence and complement educational purposes.

We stress the critical need to learn how to learn in a complex society while retaining the traditional values and a respect for proper authority. We believe in the individual worth of each student and in his future as a functioning citizen in today's society.
