BOARD POLICY REVISION - USE AND CONTROL OF GIRL'S SOFTBALL FIELD

DURING SCHOOL TERM, use and authority of the softball field will be under full control of the District. The District will operate, maintain and pay all expenses of that field.

Outside groups requesting use of the softball field must have prior approval from the Board of Education before scheduling events. Any decision made concerning the use of the field will be made by the District.

The summer Softball Association will be allowed to continue scheduling games on the softball field prior to the end of the school term as long as those games do not conflict with scheduled fund raising events approved by the district.

DURING SUMMER MONTHS (from the last day of school term until August 1), use and authority of the Softball field will be under full control of the Commerce Girl's Association. The Softball Association will operate, maintain and pay all expenses of that field. Any decision made concerning the use of the field will be made by the Softball Association. Exceptions: Any previously approved school event which is scheduled for a time between May 1 and August 1 will have priority over all outside groups. If the Softball Association permits use of the field by outside groups, such groups will be subject to school policy which requires prior approval from the Board of Education. All events scheduled on the softball field must be conducted in such a manner which is consistent with school policy.
